## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 103***

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

Claims 18 and 20-22 are rejected under 35 U.S.C. 103(a) as being unpatentable over Binette et al (6,561,928). Binette discloses a golf ball comprising a core, an inner cover layer, and an outer cover layer. The inner cover layer can be made from ionomers or non-ionomeric materials such as polyethylene copolymers (col. 23). The inner cover layer may also include graphite as a filler.

### ***Response to Arguments***

Applicant's arguments filed 9-2-05 have been fully considered but they are not persuasive. Applicant argues Binnette does not disclose graphite foil sheets. However, Binnette discloses a graphite filler and a binder such as a thermoplastic material. Applicant is required to show criticality of the graphite foil.

### ***Allowable Subject Matter***

Claims 1, 5-17, and 23 are allowed.

Claim 19 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

### ***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
